

**VILLAGE OF LINCOLNSHIRE**

**NOTICE TO BIDDERS**

**RECREATION PATH PROJECT – PEMBROKE TO 16 HALF DAY ROAD**

The Village of Lincolnshire will receive sealed proposals until 10:00 a.m. local time on Thursday, September 26, 2013, at the Lincolnshire Village Hall, located at One Olde Half Day Road, Lincolnshire, Illinois 60069-3035, at which time and place the bids will be publicly opened.

The Village of Lincolnshire is seeking a qualified contractor to perform a recreation path improvement between Pembroke Drive and 16 Half Day Road as shown on the project location map. This project includes removal and replacement of hot-mix asphalt, installation of storm sewer structures, storm sewer piping, and restoration.

Proposal specifications will be made available free of charge on the Village website <http://www.village.lincolnshire.il.us/departments-services/public-works-department/bid-information> as of on September 6, 2013. All interested bidders must either provide a business card in person at the Village Hall, or provide an email (subject Recreation Path BID) to Kimberly Jurco, at [kjurco@village.lincolnshire.il.us](mailto:kjurco@village.lincolnshire.il.us)

All Contracts for the Construction of Public Works are subject to the Illinois Prevailing Wage Act (820 ILCS 130/1-12) and the Employment of Illinois Workers on Public Works Act (30 ILCS 570).

The Village of Lincolnshire reserves the right to defer the acceptance of a proposal for a period not to exceed 45 calendar days after the date proposals are to be received and to accept or reject any and all proposals and to waive technicalities and to accept the proposal which best meets the needs and requirements of the Village.

## RECREATION PATH RECONSTRUCTION PROJECT

2013

**BID OPENING: Thursday, September 26, 2013 @ 10:00 a.m.**

**Village of Lincolnshire**

**Proposal for the Recreation Path Reconstruction Project  
Pembroke Drive to 16 Half Day Road**

TO: Mayor and Board of Trustees  
Village of Lincolnshire  
One Olde Half Day Road  
Lincolnshire, Illinois 60069

FROM: \_\_\_\_\_  
Company

\_\_\_\_\_  
Address

\_\_\_\_\_  
City State Zip

\_\_\_\_\_  
(\_\_\_\_\_) \_\_\_\_\_  
Telephone

Dear Mayor and Trustees:

We, the undersigned, hereby propose to furnish all labor, materials, tools and services required for the Recreation Path Reconstruction Project for the Village of Lincolnshire, Illinois, in accordance with the Plans and Specifications, Notice to Bidders, Instructions to Bidders, and forms of Contract.

The undersigned declares that we have examined said Plans and Specifications and acknowledges that the same are accurate and complete and are approved by the undersigned.

The undersigned agrees to comply with the Contract provisions for labor standards and to pay the current prevailing rate of wages determined by the Secretary of Labor for all laborers engaged in the installation of the equipment and material.

The undersigned agrees to commence work not later than 10 calendar days of the notice to proceed from the Village, and to complete the project within 30 working days.

The undersigned submits the following Lump Sum Price for the work to be performed as shown on

the Specifications, and agrees that the items of work not specifically mentioned in the Schedule which are necessary and required to complete the work intended shall be done incidental to and as part of the items of work for which a unit price is given, and understands that no additional payment will be made for such incidental work.

The undersigned has received and considered in this proposal the following:

Addendum # \_\_\_\_\_

Addendum # \_\_\_\_\_

Addendum # \_\_\_\_\_

If no addenda were received, mark not applicable.

The prices stated in this proposal are guaranteed for 45 days from the date hereof, and if awarded the work within that period, we agree to complete the work covered by this Proposal at said prices.

Dated this \_\_\_\_\_ day of \_\_\_\_\_ 2013.

Respectfully submitted,

\_\_\_\_\_  
Company

## INSTRUCTIONS TO BIDDERS

### GENERAL CONDITIONS

**1. Examination of Plans, Specifications and Site of Work:** The bidder shall carefully examine the site of the proposed work and the plans, specifications, and forms of proposal, and contract before submitting his bid for the work contemplated. The submission of a proposal shall be considered conclusive evidence that the bidder has investigated and is satisfied as to all conditions to be encountered in performing the work, and is fully informed as to the character, quality, quantities and costs of work to be performed and materials to be furnished, and to the requirements of the Plans, Specifications, Notice to Contractors, Instructions to Bidders, Proposal, and Contract. If his bid is accepted, the bidder will be responsible for all errors in his proposal resulting from his failure or neglect to comply with these instructions, and for any anticipated profits resulting from such failure or neglect.

**2. Preparation of Proposal:** The bidder shall submit his proposal on forms furnished by the Village. All writing shall be in ink or typewriter, except the signature of the bidder shall be written with ink. A proposal made by an individual shall be signed by the bidder or his duly authorized agent. A proposal made by a partnership shall be signed by one partner or by a duly authorized agent thereof. A proposal made by a corporation shall be signed by an authorized officer or duly authorized agent of such corporation.

**3. Bidder's Statement of Competency:** The bidder shall submit with his proposal a satisfactory statement of his competency to perform the work contemplated in the form of a signed letter addressed to the Village. The bidder's statement of competency shall consist of a complete report of his equipment, prior experience including the project names, locations, dates of completion and contact name with telephone number of at least (3) similar projects completed within the last 18 months, and any other pertinent or material facts.

**4. Delivery of Proposal:** The proposal shall be placed in a sealed envelope plainly marked to indicate its contents and the bidder's name and address. Proposals shall be delivered to the Village Hall Front Desk prior to **10:00 AM on Thursday, September 26, 2013**. When delivered by mail, the sealed proposal marked as specified above shall be enclosed in an additional envelope addressed to the Village and preferably sent by registered or certified mail.

**5. Opening of Proposals:** Bids will be opened on **Thursday, September 26, 2013 at 10:00 AM**.

**6. Rejection of Proposals:** The Village reserves the right to reject a bidder's proposal for any of the following causes:

6.1 Developments subsequent to the bid opening which in the Owner's opinion would reasonably be construed as affecting the competency or responsibility of the bidder.

6.2 Conviction of a violation of State or Federal law, or rule or regulation of a State or Federal agency, relating to or reflecting on the competency of the bidder for performing the work contemplated.

6.3 More than one proposal for the same work from an individual, partnership, or corporation under the same or different names, or evidence of collusion among bidders.

6.4 Proposal contains omissions, erasures, alterations, unauthorized additions, conditional or alternate bids, or irregularities of any kind which tend to make the proposal incomplete, indefinite, or ambiguous as to its meaning.

6.5 Proposal form is other than furnished by the Village.

6.6 Proposal is not accompanied by a proper bidder's statement of competency.

6.7 Lack of qualifications as revealed by the bidder's statement of competency.

6.8 Uncompleted work which in the judgment of the Village might hinder or prevent the prompt completion of additional work if awarded.

**7. Award of Contract:** Unless all proposals are rejected for good cause, award of contract will be made to the lowest responsive, responsible bidder whose proposal complies with all specified requirements stated herein. The successful bidder will be notified by letter that his bid has been accepted and he has been awarded the contract by the Village. The Village reserves the right to omit portions of the project at any time prior to the award of contract.

**8. Insurance Requirements:** The contractor shall secure and maintain such insurance from an insurance company authorized to write casualty insurance in the State of Illinois to protect against claims for bodily injury, death or property damage which may arise from the project. The insurance policy shall name the Village as an additional insured, and shall submit a certificate of insurance or certified copy of the insurance policy with the Village. The insurance shall cover:

8.1 Workmen's Compensation and Employer's Liability Insurance shall be secured and maintained as required by the State.

8.2 General liability Insurance including general aggregate coverage, products aggregate coverage, personal and advertising injury, and each occurrence; a minimum limit two million dollars (\$2,000,000.00 ) for each item.

8.3 Automobile and truck public liability including bodily injury (per person), bodily injury (per accident) and property damage; a minimum combined single limit of two million dollars (\$2,000,000.00).

8.4. Excess liability umbrella coverage of two million dollars (\$2,000,000.00 ) for each occurrence and two million dollars (\$2,000,000.00) in aggregate. (Ord. 90-1118-02, Ord. Amd. 05-1958-22, eff. 03/14/05)(Amd. Ord. 05-1958-22, eff. 3/14/05)

8.5 Fire insurance: in addition to such fire insurance as the subdivider elects to carry for his own protection, he shall secure and maintain in the name of the Village policies upon such structures and material and in such amounts as shall be designated. The policies shall be secured from a company which is satisfactory to the Village and delivered to the Village.

**9. Failure to Execute Contract:** Failure on the part of the successful bidder to execute a contract within fifteen (15) days after the date the contract was mailed or otherwise delivered to him, will be just cause for the annulment of the award. If the Village fails to execute the contract agreement within a reasonable time, not to exceed ninety (90) days after receiving the executed contract agreement from the successful bidder, the Contractor shall have the right to withdraw his proposal.

## **10. Indemnification**

10.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Village and its officers, and agents and employees from and against all losses, claims, demands, payments, suits, actions, recoveries and judgments of every nature and description brought or recovered against him by reason of any omission or act of the Contractor and all subcontractors, his agents or employees, in the execution of the work or in the guarding of it. The Contractor and all subcontractors shall obtain in the name of the Village and shall maintain and pay the premiums for such insurance in such amount and with such provisions as will protect the Village from contingent liability and a copy of such insurance policy or policies shall be delivered to the Village. Full compliance by the Village with the terms and provisions of such insurance policy or policies shall be a condition precedent to the Village's right to enforce against the Contractor any provisions of this Title.

10.2 In claims against any person or entity indemnified under this paragraph 15 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this paragraph 10 shall not be limited by a limitation or amount or type of damages, compensation or benefits payable by or for the Contractor or a Subcontractor under worker's or workman's compensation acts, disability benefit acts or other employee benefit acts.

**11. Tax Exempt** The Village of Lincolnshire is a tax exempt body. All purchases of materials subject to a sales or use tax shall be coordinated with the Village of Lincolnshire in order to claim this tax exempt status.

**12. Payment:** Payment of invoices submitted before the 15 of the month will be submitted for Board approval and payment will be made by the 15th of the following month.

PAPER BID BOND

WE \_\_\_\_\_ as PRINCIPAL,
and \_\_\_\_\_ as SURETY,
are held jointly, severally and firmly bound unto the above Local Agency (hereafter referred to as "LA") in the penal sum of 5% of the total bid price, or for the amount specified in the proposal documents in effect on the date of invitation for bids whichever is the lesser sum. We bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly pay to the LA this sum under the conditions of this instrument.

WHEREAS THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH that, the said PRINCIPAL is submitting a written proposal to the LA acting through its awarding authority for the construction of the work designated as the above section.

THEREFORE if the proposal is accepted and a contract awarded to the PRINCIPAL by the LA for the above designated section and the PRINCIPAL shall within fifteen (15) days after award enter into a formal contract, furnish surety guaranteeing the faithful performance of the work, and furnish evidence of the required insurance coverage, all as provided in the "Standard Specifications for Road and Bridge Construction" and applicable Supplemental Specifications, then this obligation shall become void; otherwise it shall remain in full force and effect.

IN THE EVENT the LA determines the PRINCIPAL has failed to enter into a formal contract in compliance with any requirements set forth in the preceding paragraph, then the LA acting through its awarding authority shall immediately be entitled to recover the full penal sum set out above, together with all court costs, all attorney fees, and any other expense of recovery.

IN TESTIMONY WHEREOF, the said PRINCIPAL and the said SURETY have caused this instrument to be signed by their respective officers this \_\_\_\_\_ day of \_\_\_\_\_

SPECIAL PROVISIONS  
**Proposal for the Recreation Path Reconstruction Project  
Pembroke Drive to 16 Half Day Road**

1. The following Special Provisions supplement the "Standard Specifications for Road and Bridge Construction", adopted as of January 1, 2013, the latest edition of the "Illinois Manual on Uniform Traffic Control Devices for Streets and Highways" in effect on the date for the invitation for bids, and in case of conflict with any part or parts of said Specifications, the said Special Provisions shall take precedence and shall govern.

2. START DATE

Work is scheduled to be started no earlier than **October 15, 2013.**

3. COMPLETION AND INTERMEDIATE COMPLETION DATES

All work as set out herein must be completed no later than **November 14, 2013.** Once the project starts, the contractor shall have 15 work days to complete the work. Should the contractor fail to complete the work by said date, the Contractor shall be liable for the provisions listed in Article 108.09 of the "Standard Specifications for Road and Bridge Construction", except that the liquidated damages shall be \$1,500.00, per day rather than the fines prescribed by Article 108.09. If the contractor runs into unforeseen scheduling problems, an extension must be requested in writing and approved by the Village Engineer.

Any work to occur after the specified deadline, by either extension or punch-list must be completed within 10 calendar days. The contractor may begin the work anytime within the 10 day period, however, once the contractor begins, the days must be concurrent until completion.

5. MISCELLANEOUS PROVISIONS

The contractor shall comply with all of the provisions of the Illinois Prevailing Wage Act, 820 ILCS section 130/0.01, et seq.

6. PIPE UNDERDRAINS, SPECIAL

Pipe under-drains, special shall be in accordance with Article 601 of the Standard Specifications. Pipe under-drains shall be complete in place and shall include excavation, backfill (for areas out of the pavement), and connection to existing structure or sewer and cap installation on open end, and placement. Within the limits of the pavement, backfill shall be a trench backfill and paid for separately per cubic yard for Trench Backfill. Outside of the pavement, backfill shall be existing soil. Work shall consist of installing approximately 50 linear feet of eight (8) inch perforated SDR-35 or schedule 40 PVC piping (or equivalent) surrounded in granular bedding material (which may not include any fines) and have fabric protection (which shall encase the entire pipe) and installed at approximately a 2% slope. Contractor shall verify and determine grades in the field. General locations provided, exact trench locations will be determined in the field, but runs will not typically be more than 25 feet in length or 24 inches in depth.

BASIS OF PAYMENT: Storm Sewer will be paid for at the contract unit price per LINEAR FOOT, measured in place, for PIPE UNDERDRAINS, SPECIAL of the class, type and diameter specified. All saw cuts, granular bedding material, pipe caps, and fabric

protection will not be paid for separately and shall be considered incidental to the cost of the contract.

7. INLET TYPE A, WITH BEE HIVE FRAME

This work shall consist of the installation of new storm sewer structures at locations provided on the plans. All installed structures will be with a 24 inch inlet Type-A and Neenah beehive castings. Contractor shall verify and determine grades in the field. This work shall include any/all saw-cutting; pavement removal; excavating; installing a 4-inch CA-11 granular sub-base; sealing both inside and out with mortar; installing concrete benches and/or inverts; backfilling with the appropriate material as approved by the Engineer, and restoration of any affected areas.

Verify and determine grades in the field.

BASIS OF PAYMENT: This work will be paid for at the contract unit price per EACH, measured in place, for pay items for INLET TYPE A, WITH BEE HIVE FRAME of the type specified. All spoils generated from the excavation must be removed from the site, and will not be paid for separately and shall be considered incidental to the cost of the contract.

8. TRENCH BACKFILL

Trench backfill shall be measured as specified in Article 208.03 of the Base Specifications.

BASIS OF PAYMENT: This work shall be paid for at the contract unit price per cubic yard for TRENCH BACKFILL.

9. POROUS GRANULAR EMBANKMENT (3" RECYCLED), SPECIAL

This work consists of furnishing, placing and compacting porous granular material to the lines and grades shown on the plans or as directed by the Engineer in accordance with applicable portions of Section 207 of the Standard Specifications. The material shall be used as a bridging layer over soft, pumpy, loose soil and for backfill around pipe underdrains as indicated in the plans, and shall conform to Article 1004.06 of the Standard Specifications.

The porous granular material shall be placed in one lift when the total thickness to be placed is 2 feet or less or as directed by the Engineer. Each lift of the porous granular material shall be rolled with a vibratory roller when used to bridge poor soil, meeting the requirements of Article 1101.10 of the Standard Specifications to obtain the desired keying or interlock and compaction. The Engineer shall verify that adequate keying has been obtained.

Construction equipment not necessary for the completion of the replacement material will not be allowed on the undercut areas until completion of the recommended thickness of the porous granular embankment, sub-grade.

This work shall be measured for payment in accordance with Article 207.04 of the Standard Specifications. This work shall be paid for at the contract unit price per cubic yard for POROUS GRANULAR EMBANKMENT (3"recycled), SPECIAL.

All spoils generated from the excavation must be removed from the site, and will not be paid for separately and shall be considered incidental to the cost of the contract.

The Porous Granular Embankment, Special shall be used as field conditions warrant at the time of construction. No adjustment in unit price will be allowed for an increase or decrease in quantities from the estimated quantities on the plans.

10. HOT MIX ASPHALT SURFACE REMOVAL, 4"

This work shall consist of milling the existing pavement surfaces as shown on the Typical Sections and in accordance with Section 440 of the Standard Specifications. The depth of the milling shall be determined by the Engineer on a per street basis. Note edge grinding on select streets within the Village of Lincolnshire as defined on the Typical Sections. All butt joints shall be considered incidental to the unit price for Hot-Mix Asphalt Surface Removal. All loose material and debris shall be cleaned up and removed before the end of each working day. All pavement material resulting from the milling operation shall become the property of the Contractor. The cost of the removal of any existing Raised Reflective Pavement Markers embedded in the pavement shall be considered incidental.

This work will be paid for at the contract unit price per square yard, measured in place for HOT MIX ASPHALT SURFACE REMOVAL, 4", which price shall include all necessary materials, equipment and labor to complete the operation as specified herein.

11. BITUMINOUS MATERIAL (PRIME COAT)  
AGGREGATE (PRIME COAT)  
LEVEL BINDER (MACHINE METHOD), N50, 2 INCHES  
AREA REFLECTIVE CRACK CONTROL TREATMENT, SYSTEM A

No notes.

12. HOT MIX ASPHALT BASE COURSE, 1.5 INCHES

This work shall be done in accordance with Section 355 of the Base Specifications insofar as applicable. This work shall be paid for at the contract unit price per square yard, for HOT MIX ASPHALT SURFACE COURSE, 1.5 INCHES

13. TOPSOIL, FURNISH AND PLACE, 4"

Work under this pay item shall conform to the applicable provisions of Section 211 of the Standard Specifications and shall consist of furnishing and placing topsoil from off-site sources. After the rough grading has been approved by the Engineer, topsoil shall be uniformly spread over areas to be seeded at a minimum depth of 3-inches. The topsoil shall be graded and rolled flush with work surfaces, curbs and paving and shall be sloped smoothly to the contours that existed prior to construction.

This item shall be measured and paid for at the contract unit price per square yard for FURNISHING AND PLACING TOPSOIL, 4".

14. SEEDING, CLASS I

Work under this pay item shall conform to the applicable provisions of Section 250 of the Standard Specifications and shall consist of furnishing and placing Class I Seeding. Seed shall be fresh, clean, new crop seed and shall be fertilized in accordance with Article 250.04 of the Standard Specifications. Erosion Control Blanket shall be required

in seeded areas within 24 hours from time of seeding. Erosion Control Blanket shall be in accordance with Section 251.04 of the Standard Specifications. All seeded areas shall be watered during the initial period of 3 consecutive days following the seed and blanket placement followed by a minimum watering of 3 times per week for a period of 3 weeks.

This item shall be measured and paid for at the contract unit price per square yard for SEEDING, CLASS I which price shall include all fertilizing, watering and the erosion control blanket.

14. TRAFFIC CONTROL AND PROTECTION

The roadway may not be closed to through traffic at any time, without first receiving Village approval.

The Contractor shall obtain, erect, maintain and remove all signs, barricades, flagmen and other traffic control devices as may be necessary for the purpose of regulating, warning or guiding traffic. Placement and maintenance of all traffic control devices shall be as directed by the Village Engineer and in accordance with the applicable parts of Article 107.14 of Standard Specifications, Supplemental Specifications Section 701 and the Illinois Manual on Uniform Traffic Control Devices for Streets and Highways and the Lake County Highway Department. Contractor shall also follow guidelines for lane closures and alike per the attached provisions 701501, 701311, 701701, 701801, 701901. No holes shall be left open at the end of the day. If any holes are to be left open, the contractor shall make sure all devices are operational 24 hours a day. The traveled way shall remain open to traffic at all times.

BASIS OF PAYMENT: Traffic Control will be paid for at the contract unit price per LUMP, for Traffic Control and Protection, Special.

16. TREE REMOVAL (6"-24")

(No Notes)

TREE PROTECTION

(No Notes)

17. PRE-CONSTRUCTION MEETING

The pre-construction meeting shall be held at the earliest possible opportunity after the effective date of the Agreement. Authorized representatives of the Contractor and major subcontractors shall attend the meeting.

Issues that, at a minimum, will be discussed:

1. Channels and procedures for communications.
2. Construction schedule, including sequence of work.
3. Contract Documents.
4. Site access, field decisions and change orders.
5. Rules and regulations regarding contract work.
6. Quality control, housekeeping, and public relations.

---

END OF SECTION

**VILLAGE OF LINCOLNSHIRE  
STATE OF ILLINOIS**

**PLAN NOTES**

Basis of payment shall be in accordance with "Illinois Department Transportation Standard Specifications for Road and Bridge Construction."

1. MEASUREMENT AND PAYMENT

- A. Payment will be made for the Pay Items listed herein and at the Contract Unit Prices unless otherwise indicated.
- B. The contractor must request in writing payment for any work for which a Pay Item is not listed. If a written request is not provided and approved by the engineer, it shall be considered incidental to the Contract and no additional compensation will be allowed.
- C. The Owner reserves the right to alter the Drawings, modify incidental work as may be necessary, and increase or decrease quantities of work to be performed including deduction or cancellation of any one or more Pay Items.
- D. Quantities necessary to complete the work as shown on the Drawings or as specified herein govern over those shown in the Bid Form. The Engineer will make corrections and interpretations as may be deemed necessary for fulfillment of the intent of the Contract Documents.
- E. The Engineer will make measurements and determinations as necessary to classify the work within the Pay Items and determine the quantities for payment.
- F. If the Contractor's Application for Payment is not in accordance with the Engineer's determination of quantities for payment, the Application will be returned for correction and resubmittal.

2. WORKING HOURS

Per Village Ordinance, the Contractor shall perform all work in the Village of Lincolnshire as follows:

7:00 a.m. to 7:00 p.m. Monday through Friday  
8:00 a.m. to 5:00 p.m. Saturday

No work will be permitted on Sundays or Holidays or at other times outside of the above working hours without written permission from the Village Engineer.

3. CONSTRUCTION SCHEDULE

The Contractor shall provide the Village of Lincolnshire with a satisfactory progress schedule or critical path schedule, which will show the proposed sequence of work, and how the Contractor proposes to complete the various items of work within the number of working

days allowed per contract. This contract shall be governed in accordance with the Illinois Department of Transportation Standard Specifications for Road and Bridge Construction Section 108.

When work commences, the Contractor may begin the work anytime within the specified time frame; however, once the Contractor begins, the days must be concurrent until substantial completion. Additionally, any work to occur after the specified deadline, by either extension or punch-list must be completed within 10 calendar days. The Contractor may begin the work anytime within the 10 day period; however, once the Contractor begins, the days must be concurrent until completion.

#### 4. TRUCKING PERMITS

All trucks over six (6) tons per axle must have Truck Weight Permits issued by the Village. Truck routes may also be restricted due to other street conditions. There is no charge for Truck Weight Permits and they may be obtained from the Police Department. Riverwoods Road south of Route 22 is under Lake County Jurisdiction.
